Dear Parents,

Time flies. The summer holiday has drawn to a close. The end is the beginning. All teachers and I are very glad to see all the happy faces of our Camõesians as they are back to school today.

During the summer holiday, we led a group of 24 students on a 5-day study tour to Osaka, Japan in July. The highlight of the tour was the return visit to our sister school, Ikeda Elementary School. Our students shared with us that they found the tour an invaluable learning experience, especially the home-stay with local families. We will continue to organize study tours to widen students’ exposure.

Today kicks off a new school year 2013-14 which is a special year for TSL as we are entering 15th anniversary. On the other hand, as you all know, we used to have a different theme each year. This year’s school theme is “A Better World - Dare to Dream”, which is actually a continuation of last two years’ “A Better World - Living Green” and “A Better World - Caring Hearts”. Please spare some time with you kids, chat with them about their dreams and share with them your own dreams.

“Who is nurturing my kid?” We all know that achievements in all aspects by our students cannot be made possible without the full support of dedicated parents. Please adopt an open-minded and positive approach. We look forward to working closely with you in nourishing our child towards becoming a responsible member of the family, the community and the globe.

May we wish you all a happy and fruitful year!

Yours sincerely,

Principal Derek Yeung
