Dear Parents,

Before the start of the school summer holidays, I would like to share with you some of the recent big school events.

In the evenings of 29-30 June at the Jockey Club Auditorium of HK PolyU, our various music teams impressed all audiences with their musical talents. Every character in the upbeat musical “Cinderella’s Glass Slipper” was wonderfully played. Audiences were kept to glue their eyes to the stage to see how the prince could find the owner of the glass slipper and how Cinderella could realize her dream. The great applause of a full-house audience made the concert a good memory for life for all kids. I must thank my colleagues for their passion to give our students the opportunities to develop self-confidence, learn about the theatre, and create a love for music.

After one year’s efforts, our P6 students shared with teachers and parents the Final Year Projects in the evening of 3 July. The projects were indeed a great challenge. Though no marks were given, the learning process was far more important than anything else.

This year, we had our graduation ceremony-cum-lunch on 4 July. The creative class performances by our graduates were just fantastic. Our students even re-wrote meaningfully the lyrics of the song ‘那些年’, and sang melodiously before us.

Lastly, we are very glad that many P6 students have been admitted to their first-choice secondary schools. They will confidently start a new phase in their studies.

Wishing you and your children a happy summer holiday!

Best regards,

Principal Derek Yeung
